Supervisor & G2: 5-YEAR REFRESHER (QLD MINING)

We have two refresher assessment pathways for an experienced CMW to be awarded the Statement of Attainment (SoA) for these units.

For people with a Statutory qualification or hold the role of a senior engineer we would review their recent work history and advise you if they would be eligible to complete their refreshers by a questionnaire and submit evidence of risk assessment/s they have facilitated/co-facilitated at work. **(Cloud Assess portal)**

Supervisors and similar roles would be best served by attending the four-hour S123 refresher and, if required, the two-hour G2 refresher. **(Classroom facilitation)**

FIRST TIMERS: There is **NO** online pathway available for those applying for the first time that have no experience working as a minesite supervisor.

Course fees until 18.12.2026

FIRST TIME (EMD-MBH-BNE)

\$ 820.00 2-day S123 units (3 units)
\$ 590.00 1-day G2 add on (1 unit)
\$1,410.00 3-day combo first time S123 & G2 (4 units)

5-YEAR REFRESHER (EMD & MBH & Cloud Assess)

\$ 410.00 half-day S123 units (3 units)
\$ 330.00 half-day G2 unit (1 unit)
\$ 740.00 1-day combo refresher S123 & G2 (4 units)

LEARNING FROM DISASTERS

Learning from Disasters has been created by SIMTARS, on behalf of RSHQ, and focusses on learning from failure patterns and trends in past disaster scenarios. The primary objective of this course is on Learning *from* Disasters, rather than Learning *about* Disasters. It seeks to revolutionise the industry's approach to safety, risk, and control by prompting participants to reevaluate their existing assumptions and beliefs. The course incorporates recommendations and learnings from the 2019 Brady Review, including the requirements towards becoming a high reliability organisation (HRO).

The course is mandatory for statutory ticket holders at Queensland mines and quarries. It will benefit non-statutory supervisory and emerging leaders in building a safer workplace.

Learning from Disasters is delivered in two stages. Stage 1 is the eLearning on-line component that identifies the early warning signs that led to failures in real-life disasters. Stage 2 is a practical 1-day workshop delivered by an RSHQ-approved provider such as Lennon Training.
